

INDEX GEOGRAPHICUS

Hinc inde occurrunt in hoc opere nomina geographica, quae latino sermone vix sunt nota, nec in communi dictionario inveniuntur. Ideo indicem eorum in linguas vernaculas, resp. in germanicam et gallicam utile esse duximus. Index iste refert ad hanc novam editionem tomi primi, et ad secundum et tertium. Nomina canoniatarum vide in indice tomi tertii.
